Already we have had a few nights where a good quilt was needed on the bed and we're seeing apples and cider doughnuts everywhere – it's definitely fall! There is a lot going on behind the scenes in terms of planning for Maine Quilts 2021; but there is one area where we need *your* help. The Volunteer Chairperson for 2021 remains open. Volunteers make the show happen, so it is a key role. Please contact me via email or the phone number above and we can talk about the specific requirements in more detail.

In the last newsletter, we talked about *HERStory*, the special exhibit carrying over from the 2020 show. We will have a second special exhibit in July called "Visionary; How Do Artists See?" To get a sneak peek of these stunning pieces, [visit the show look book](#). This exhibit is curated by Studio Art Quilt Associates.

For all of our news, don't forget to like and follow our [Facebook page](#)! You can help us publicize the show when you share our posts with your connections.

Finally, here is the block we designed for 2021; it's inspired by this year's Theme Challenge, *Duck, Duck Goose*. Don't forget that you can also submit your 2020 *Needle to Needle* Theme Challenge works as well! ▲
